

# GET CONNECTED WITH THE HIGHEST QUALITY CARRIER NETWORK IN THE INDUSTRY

Exel Freight Connect builds long-term relationships with a diverse group of carriers that set the industry standard for safety and quality. We look for carriers across the country that allow us to offer a wide range of reliable, secure transportation services to our customers. Most of all, we look for carriers that share our commitment to meeting our shippers' needs at every turn.

## Exel Freight Connect Carrier Requirements:

To qualify as an approved Exel Freight Connect carrier, your business must meet the following requirements:

- Compliant operating authority (interstate or intrastate)
- Minimum insurance coverage amounts:
  - Automobile Liability: \$1,000,000
  - Cargo Liability: \$100,000
  - General Liability: \$1,000,000 preferred
- Workers compensation as required by law
- DOT safety rating of "satisfactory" or "none"
- No deficient safety evaluation areas (SEAs)
- Evidence of vehicle and driver inspections
- 'Broker' only authority not eligible to register
